

4 Methods of Retrieval Practice

@ImpactWales

Before you start put away all your books & classroom materials.

Retrieval Practice Examples

- * Exit Tickets
- * Starter quizzes
- * Multiple choice quizzes
- * Short answer tests
- * Free write
- * Think, pair, share
- * Ranking & sorting
- * Challenge grids

BRAIN DUMP

Write, draw a picture, create a mind-map on everything you know about a topic.

Give yourself a time limit, say 3 minutes, then have a look at your books & add a few things you forgot.

QUIZZING

Create practice questions on a topic. Swap your questions with a partner & answer.

Question - What is a metaphor?

- ☐ A comparison using 'like, as, than'.
- ☐ A comparison where one thing is another.
- ☐ A comparison with a human attribute.

FLASHCARDS

Create your own flashcards, question on one side answer on the other. Can you make links between the cards?

You need to repeat the Q&A process for flashcards you fail on more frequently & less frequently for those you answer correctly.

KNOWLEDGE ORGANISERS

Complete a knowledge organiser template for key information about a topic.

You can use knowledge organisers to learn new vocab & make links in between subjects or ideas.

After you have retrieved as much as you can go back to your books & check what you've missed. Next time focus on that missing information
